

KAMCHATKA ORGANIC FARM

Kamchatka is a region of pristine countryside, rich in biodiversity thanks, in part, to its abundance of thermal springs and volcanic minerals, with more than 1200 species of plants, many of which are unique to the region. On our organic farm, we grow and extract the power of these valuable plants in a sustainable manner to respect the balance and harmony of nature.

NORTHERN BERRIES light body lotion is rich in organic extracts of invigorating Siberian berries. **Volcanic Bilberry, Arctic Raspberry** and **Lingonberry extracts** promote long-lasting hydration and leave your skin with a beautiful glow.
Directions: Gently massage into clean, dry skin.
