CONTROLLED ORGANIC

# HYDRO-BOOST PET SHAMPOO

WILD HERBS

Northern Laminaria Pro-collagen, Wild  
Blueberry Extract, Saponified Cedar Oil

## DO AS WILD ANIMALS DO!

Wild Polar Bears know instinctively what herbs and berries to seek out to make their coats vibrant and beautiful. From observing them, we selected herbs and berries to care for your pet.

«Hydro-boost» controlled  
organic shampoo  
for dry coats that  
need hydrating.

We use wild harvested and  
organic ingredients:

#### Northern Laminaria

is a polar bear's favorite seaweed. Bears are thought to be predators, but they also do not mind eating laminaria. Pro-collagen contained in Laminaria has a rich complex of amino acids that restore the coat, making it soft and silky. Macro- and micronutrients in Laminaria actively moisturise and nourish the coat.

#### Wild Blueberry

is full of C and E vitamins that protect the coat and give it elasticity.

#### Saponified Cedar Oil

is a detergent base of  
natural origin that provides  
delicate and safe cleansing.
