CONTROLLED ORGANIC

HYDRO-BOOST PET CONDITIONER

WILD HERBS

Northern Laminaria Pro-collagen, Wild Blueberry Extract, Organic Kuril Tea Hydrolate

DO AS WILD ANIMALS DO!

Wild Polar Bears know instinctively what herbs and berries to seek out to make their coats vibrant and beautiful. From observing them, we selected herbs and berries to care for your pet.

«Hydro-boost» controlled organic conditioner for dry coats that need hydrating.

We use wild harvested and organic ingredients:

Northern Laminaria

is a polar bear's favorite seaweed. Bears are thought to be predators, but they also do not mind eating laminaria. Pro-collagen contained in Laminaria has a rich complex of amino acids that restore the coat, making it soft and silky. Macro- and micronutrients in Laminaria actively moisturise and nourish the coat.

Wild Blueberry

is full of C and E vitamins that protect the coat and give it elasticity.

Organic Kuril Tea

is a moisturising ingredient that makes the coat soft and shiny.

RECOMMENDED BY VETERINARIANS AND GROOMERS

ECOPETCARE ORGANIC controlled by ECOCERT Greenlife. Standard available on <http://ecopetcare.ecocert.com>.

*10,3 % organic of total. 98,4 % natural origin of total.

Adaptogens are unique plants that survive from -50°C to +50°C. As a result, they possess rare qualities that are used therapeutically and are renowned to deliver miracle natural skin care benefits and beauty presenting properties.
