## DO AS WILD ANIMALS DO!

Wild Tundra Bunnies know instinctively what herbs and berries to seek out to make their coats vibrant and beautiful. From observing them, we selected herbs and berries to care for your pet.

**«Delicate» controlled organic conditioner**  
for pets with very gentle skin.  
Safe for young pets.

We use wild harvested and organic ingredients:

### White Willow Bark and Root

is a favorite food of rabbits during the hungry period of winter. White willow is rich in salicin which soothes the skin.

**Organic Chamomile**  
contains quercetin and caprylic acid which calm the skin and make the coat soft.

### Organic Snow Cladonia

is a moisturising ingredient, that makes the coat soft and shiny.

RECOMMENDED BY  
VETERINARIANS AND  
GROOMERS

ECOPETCARE ORGANIC controlled by ECOCERT Greenlife. Standard available on <http://ecopetcare.ecocert.com>. \*10,3 % organic of total. 98,6 % natural origin of total.

Adaptogens are unique plants that survive from -50°C to +50°C. As a result, they possess rare qualities that are used therapeutically and are renowned to deliver miracle natural skin care benefits and beauty presenting properties.
