NATURA SIBERICA Lab Biome

Intelligent cosmetic line, based on the unique postbiotic active and bearberry and angelica root fermented extracts, which adapt to the individual needs of your skin and maintain its immunity.

CREATED BY NATURE
ENHANCED BY SCIENCE

WHAT IS Biome?

Biome plays a positive role in helping to maintain a healthy and glow skin and its barrier and perfectly helps to protect the skin from the negative factors of the urban lifestyle like stress and smog. When your microbiome is balanced, your skin looks and feels healthy.
