

NATURAL BODY SCRUB-SOAP RENEWAL & ELASTICITY

EN Effective combination of volcanic mud and plants not only deeply cleanses skin, but also helps to launch renewal processes and smoothes skin.

✓ PROVIDES SKIN ELASTICITY ✓ EVENS SKIN TONE

✓ SATURATES SKIN WITH MICROELEMENTS AND VITAMINS

Kamchatka volcanic mud – natural source of minerals and macroelements, provides skin elasticity and smoothness. **Siberian pine nutshell** gently exfoliates and provides skin renewal. **Wild willowherb extract**, due to high vitamin C content, has powerful antioxidant effect and improves skin tone. **Wild mint extract** provides super refreshing effect on your skin. **Directions:** Apply scrub-soap to damp skin with massaging movements and spread evenly all over the body till foam forming. Rinse with warm water.

FR Geysir Noir du Kamchatka. Savon gommant naturel corps. Peau neuve & élastique. WHAT IS TAIGA SIBERICA?

Taiga Siberica is the most effective cosmetics, based on powerful and wild Taiga plants. We use fresh extracts of herbs and plants, that are rich in beneficial properties, collected by Taiga dwellers. We installed extractors on our organic farms, where extracts are made within 6 hours after gathering – all in order to preserve the maximum beneficial properties of wild plants.
