SIBERIAN PINE – SIBERIAN ENDEMIC

Siberian pine extract contains effective combination of vitamins C, F and ferulic acid, that helps to increase protective function of hair. Organic cloudberry extract helps to restore hair and gives it well-groomed appearance and luxurious shine. Wheat proteins fill hair with strength along entire length, giving it softness and silkiness.

UNIQUE FACT

Siberian pine contains record number of B group vitamins, that makes it irreplaceable in hair care.

WHAT IS TAIGA SIBERICA?

Taiga Siberica is the most effective cosmetics, based on powerful and wild Taiga plants. We use fresh extracts of herbs and plants, that are rich in beneficial properties, collected by Taiga dwellers. We installed extractors on our organic farms, where extracts are made within 6 hours after gathering – all in order to preserve the maximum beneficial properties of wild plants.

Directions: Apply shampoo to damp hair, lather, leave for 1-2 minutes and rinse with water. Repeat if needed.
