

Siero Schiarente Viso

Trattamento cosmetico specifico per ridurre le discromie cutanee grazie allo **speciale complesso fito-schiarente**, che agisce in maniera mirata ed intensa sull'iperpigmentazione. L'estratto di Melograno e la Betaina svolgono un'azione schiarente e depigmentante; l'Arbutina e l'Uva Ursina prevengono l'irregolare produzione di melanina, principale causa delle antiestetiche macchie scure. Ne arricchiscono la formulazione gli estratti naturali ad azione antiage e liftante, come la Vigna Aconitifoglia, il Pisum Sativum e l'ibisco che permettono alla pelle di ritrovare la sua naturale luminosità e compattezza. **Modo d'uso:** Applicare alcune gocce di siero su viso, collo e décolleté quotidianamente, prima della Crema Schiarente Bema White massaggiando delicatamente. Evitare la zona periorcolare. Uso esterno.

Ingredienti / Ingredients (INCI/CTFA): Aqua/Water, Chamomilla Recutita* (Matricaria) Flower Water, Punica Granatum* (Pomegranate) Fruit Extract, Cetearyl Glucoside, Cetearyl Alcohol, Glycerin, Coco-Caprylate, Arbutin, Betaine, Hexyldecyl, Hexyldecyl Laurate, Behenyl Alcohol, Cetyl Palmitate, Kaolin, Gluconolactone, Sodium Stearyl Glutamate, Pisum Sativum (Pea) Extract, Xanthan Gum, Punica Granatum (Pomegranate) Fruit Extract, Vigna Aconitifolia Seed Extract, Porphyra Umbilicalis Extract, Arctostaphylos Uva-Ursi Leaf extract, Hydrolyzed Hibiscus Esculentus Extract, Benzyl Alcohol, Tocopherol, Dehydroacetic Acid, Sodium Cocoyl Glutamate, Sucrose Dilaurate, Maltodextrin, Dextrin, Sodium Lactate, Potassium Sorbate, Sodium Benzoate, Parfum / Fragrance.

Lightening Face Serum

Specific cosmetic treatment to reduce skin discoloration thanks to the **special phyto-lightening complex**, which acts in a targeted and intense way on hyperpigmentation. The Pomegranate extract and Betaine have a lightening and depigmenting action; the Arbutin and Bearberry prevent the uneven production of melanin, the main cause of unsightly dark spots. The formulation is enriched by natural extracts with an anti-ageing and lifting action, like the Vigna Aconitifoglia, the Pisum Sativum and Hibiscus that allow the skin to regain its natural brightness and compactness. **Instructions:** Apply a few drops of serum on face, neck and décolleté every day before the Bema White Lightening Cream through a gentle massage. Avoid the periorcular area. External use.

Serum Eclaircissant Visage

Trattamento cosmétique spécialement conçu pour réduire les dyschromies cutanées grâce au **complexe spécial phyto-éclaircissant**, qui agit de manière ciblée et intense sur l'hyperpigmentation. L'extrait de grenadier et la bétaine exercent une action éclaircissante et dépigmentante; l'arbutine et le raisin d'ours préviennent la production irrégulière de mélanine, principale cause des taches brunes inesthétiques. Les extraits naturels à action anti-âge et liftante enrichissent la formule, comme la Vigna Aconitifoglia, le Pisum Sativum et l'Hibiscus qui permettent à la peau de retrouver sa luminosité et sa fermeté naturelles. **Mode d'emploi:** Appliquer quotidiennement quelques gouttes de sérum sur le visage, le cou et le décolleté, avant la Crème Eclaircissante Bema White en massant délicatement. Eviter le contour des yeux. Usage externe.

Bema White

PRODOTTO ECOBIOLOGICO

Siero Schiarente VISO

Lightening Serum face

Serum Eclaircissant Visage
Aufhellendes Serum Gesicht
Suero Aclarante Cara

Aufhellendes Serum Gesicht

Kosmetische Behandlung speziell für die Verminderung von Hautverfärbungen dank dem **speziellen aufhellenden Phyto-Komplex** der gezielt und intensiv auf die Hyperpigmentierung einwirkt. Der Granatapfelextrakt und die Betaine haben eine aufhellende und depigmentierende Wirkung; Arbutin und Bärentraube beugen der unregelmäßigen Melaninproduktion, Hauptursache der unästhetischen braunen Flecken, vor. **Anwendung:** Täglich einige Tropfen des Serums auf Gesicht, Hals und Décolleté vor dem Eincremen mit der Aufhellenden Creme Bema White auftragen und sanft einmassieren. Den Bereich um die Augen auslassen. Außenanwendung.

Lightening Face Serum

Specific cosmetic treatment on the skin to reduce discoloration thanks to the **special phyto-lightening complex**, which acts in a targeted and intense manner on hyperpigmentation. The pomegranate extract and betaine have a lightening and depigmenting action; arbutin and bearberry prevent the irregular production of melanin, the most important cause of ugly dark spots. The natural extracts with anti-ageing and lifting action, such as Vigna Aconitifolia de Pisum sativum and Hibiscus, allow the skin to regain its natural brightness and compactness. **Application:** Apply a few drops of serum on face, neck and décolleté every day before the Bema White Lightening Cream through a gentle massage. Avoid the area around the eyes. External use.

Suero Aclarante Cara

Tratamiento cosmético específico para reducir las discromías cutáneas gracias al **especial complejo fito-aclarante**, que actúa de manera cuidada e intensa sobre la hiperpigmentación. El extracto de Granada y la Betaina desarrollan una acción aclarante y despigmentante; la Arbutina y la Uva Ursi previenen la irregular producción de melanina, principal causa de las antiestéticas manchas oscuras. **Modo de uso:** Aplicar algunas gotas de suero en la cara, cuello y escote diariamente, antes de la Crema Aclarante Bema White masajeando delicadamente. Evitar la zona periorcular. Uso externo.
